

Compliance Safety Systems Background Services is now officially launched and available to assist your firm with Comprehensive Criminal Reports, Social Security Number Verification, MVR's, Education Verification, Employment Verification, I9 Document Storage, Pre-employment credit reports, OFAC Searches, E-Verify Check and CDLIS reporting to employers.

All of this information will be provided to our clientele electronically through the same user friendly formatted screens that you have become accustomed to using our Drug and Alcohol Testing Services. You will only need one login to view both services and you will get one invoice for both services that itemize each transaction and activity by location requested.
